Made For Life

The Steelite International Lifetime Edge-Chip Warranty is your assurance that all Performance and Distinction products manufactured in our UK factory are fit for purpose.

All Performance and Distinction products are made with high-alumina content to ensure ultimate strength. Vitrified Ceramics prevent crazing and cracking that lead to bacterial ingress over time, thus enhancing sanitation and food safety efforts. Each piece is inspected, examined and tested so you can be confident it will withstand the rigours of the modern commercial kitchen and remain chip-free. This commitment to quality excellence ultimately results in product that you will replace less often – great for your kitchen, great for your long term costs and great for the environment.

- 
Secure Handle Adhesion
 Every time you serve a customer with a Performance or Distinction cup or mug, relax in the confidence that the handle has gone through 7 different quality checks to ensure it stays where it belongs – on the cup!
- 
Stackability
 Stackable shapes result in space-saving solutions! A fully glazed base minimises contact, preventing damage and wear.
- 
Microwave & Freezer Safe
 Our products offer complete versatility. However you work, be confident our products work with you.
- 
Thermal Shock Resistance

Environmental & Sustainability Practices

Steelite International work closely with a number of suppliers and organisations, and are continually monitoring, developing and improving procedures to create minimum impact on the community and environment, while ensuring maximum efficiency and cost savings for the future sustainability of the business.

Steelite International is a member of The Green Organisation that rewards and promotes environmental best practice around the world, and the Staffordshire Business & Environmental Network, which aims to help local businesses reduce environmental impacts while also generating profits.

We have a dedicated and innovative approach to caring for the environment. In 2019 Steelite were awarded an engineering gold Green Apple Award for the implementation of a waste water centrifuge system.

Our new centrifuge system works by spinning waste material out of waste water at very high speed, the water is separated from waste glaze and then reclaimed saving around 20 cubic metres of water per day. This has dramatically improved the quality of waste water that does leave site. A part from significantly reducing water, it saves glaze and lowers energy usage on site too.

In 2007, the business became one of only five companies in the UK to install a Lamella system. Steelite is the only tableware manufacturer to use a Lamella system for recycling clay waste.

In addition to clay recycling, fewer chemicals are now required to separate waste. This has a positive effect on the environment and water discharged from the site is also purer.

The Lamella has significantly reduced Steelite International's impact on the environment. The company now recycles in excess of 99% of manufacturing waste. In 2010 we received a Green Apple Award for the Lamella project.

ASMA KHAN FOUNDER • *Darjeeling Express, London UK* • First British chef to be featured on Netflix's Chefs Table • Author of "Asma's Indian Kitchen: Home-cooked food brought to you by Darjeeling Express"

Darjeeling Express started as a dinner for 12 guests at home, serving Indian food lovingly cooked from family recipes that go back generations. "I wanted the plates to be a frame for my food - the brown dappled edge was exactly what I wanted and Steelite kindly made a range bespoke for me - and added the logo too. One of our starter dishes - the chilli garlic prawns is heavily instagrammed - the bespoke Steelite plate the perfect background! So happy I spent time and resources on my tableware - every time I walk into my restaurant and see the tables set up for service my heart smiles - I am still so in love with the plates one year since we opened."

SIMON HULSTONE CHEF PROPRIETOR • *The Elephant, Torquay UK*

The restaurant offers a delicious à la carte menu and set menus featuring fish, meat and vegetables all sourced locally from the surrounding area. Diners looking for something extra special can select the Michelin starred tasting menu. All dishes served at The Elephant change regularly depending on the locally grown and reared ingredients that are best. Many of these are sourced from their dedicated farm. "Steelite have once again come up with on trend and versatile new ranges, I'm drawn to the rustic colours of Vesuvius and Revolution which fit so perfectly in so many dining environments and can be mixed and matched to really make our culinary creations shine. My food has found a perfect partner and tableware has never been so pleasing on the eye".

RYAN CLIFT CHEF/OWNER • *Tippling Club, Singapore • Masterpieces event, Dubai UAE*

Often described as a 'gastronomic superstar' British born Ryan Clift has achieved a lot during his career. In early 2008, Ryan moved to Singapore to start his own venture, determined to take modern food and cocktail pairing to a new level. "Masterpieces was a magnificent opportunity to share my own interpretations of unique and traditional dishes with a great audience. Thank you Steelite International."

GUSTAF SANDFRIDSSON HEAD CHEF • *The Brasserie, Stockholm Sweden*

The Brasserie is a restaurant where the flavours are characterised by Scandinavian craftsmanship and a huge passion for food. Here, local produce and Nordic flavours are the menu's thread. Located within the Royal Opera building the Brasserie opened its doors in 2015 after a careful renovation of the Opera building. "Working with plates from Steelite gives me the opportunity to choose what I think the dish deserves to be presented. Even a plate can be the first idea of a new dish that you can continue with."

MARCO SACCO EXECUTIVE CHEF PATRON • *Piccolo Lago, Verbania, Italy*

Piccolo Lago is situated on enchanting Lake Mergozzo in Verbania with its warm and welcoming atmosphere. Relax and enjoy the twist Marco Sacco puts on traditional cuisine, a cuisine awarded with two Michelin stars. "The great shapes of Steelite plates give chef's inspiration. With a wide range of products to choose from, we find lots of inspiration to enhance our creations."

GENI PERRAMÓN CHEF • *The Tavern of the Gourmet, Alicante Spain*

The Tavern of the Gourmet is a space where innovation is at the heart of service. Organic and traditional flavours, succulent tapas and montaditos, and salted cheese are prepared in a lively bar using the highest quality ingredients. The Tavern of the Gourmet is an example of the basic pillars of good cuisine: the best products, nice, comfortable space and professionalism. A gastronomic space that you must stop and visit. "Steelite is synonymous with bringing elegance to our tables. Excellent durability and service from the factory, also a lifetime edge chip warranty gives us peace of mind."

JASON HALL EXECUTIVE CHEF • *Legasea Seafood Brasserie at Moxxy Hotel, TAO Group New York, NY*

At RCP/Williamsburg Metal, Connie and her shop allow for detailed customization, mixing in old world charm with modern aesthetic. We chose Robert Gordon Pottery at Legasea because of its handmade feel and durability. Its Australian-designed pattern gives a unique feel to our restaurant.

GAYLE TALMA GROUP OPERATIONS DIRECTOR • *Elegant Hotels Group Barbados*

Elegant Hotels Group has worked with Steelite for over 20 years, and every year we are more impressed with their innovation, versatility and certainly the durability of their products. With eight boutique hotels and over 12 restaurants, Steelite allows us to craft a different culinary narrative that complements each restaurant's unique personality and character, without ever having to compromise on quality. Their sophisticated, elegant and eclectic designs have elevated our food presentation and provide the perfect canvas for our Chefs to express their creativity.

KIMBERLY LALLOUZ CHEF • *Restaurant Monsieur Montreal, Quebec*

Steelite is everywhere around me - it's in all of my restaurants, in most of my photoshoots, and even my #1 choice for international competition plates. From Birdbar's laid-back fried chicken and champagne comfort dishes to Restaurant du MAC & Monsieur Resto+Bar more delicate and soignée plates. I love the variety, durability and look of the brand; there's something for everyone from the various lines that are offered. Customer service and client support are bar none, so it's a true pleasure for me to work with the reps and products alike every season.

smooth, modern lines provide a dramatic tabletop statement

Offering a modern departure from the traditional table setting, Sheer takes geometric design to new levels. Cool and contemporary in style, Quadro looks equally stunning with its softly rounded corners and curved edges. An ideal complement to the modern ranges of Sheer and Quadro, Neo offers a smooth, refreshing take on traditional shape and design. Likewise, Contour offers a truly individual presentation, with seamless lines and a modern twist on round tableware.

a daring pattern for a dramatic presentation

Koto, one of Steelite International's most unique ranges, was designed in collaboration with world renowned chef, David Kinch. The inspiration was drawn from ancient Japanese Tenmoku Glazes. These beautiful glazes vary subtly in texture and tone from piece to piece, embodying the craft of the traditional potter. The pieces are hand finished with a rich iron red glaze, which interacts in the kiln to produce a warm, organic, lustrous effect. The deep black textured surface allows food to be perfectly framed, adding drama and contrast to your presentation.

nuanced artisan experience

Using reactive glazes that change in colour and intensity depending on their application, Revolution glazes are specially formulated to enhance all the nuances experienced in their execution. Applied by hand using a revolving motion, the path the brush travels across each piece is evident in the fired result. The glazed surface of each piece in the range is as different and unique as the artisan that created it. This provides an ideal platform for Chef to showcase their art, no matter what the cuisine style.

The use of hand-applied reactive glazes on Revolution Edge frames food beautifully, allowing for a slightly more formal approach to relaxed presentations. Revolution Edge allows food to be presented on a clean white platform complemented by a contrasting colour field. This has the effect of highlighting Chef's creativity, allowing it to speak for itself.

Revolution Edge can be used as a single colour presentation or mixed and matched freely with others in the range. It also co-ordinates beautifully with Revolution for a more casual and easy-going style.

crisp, timeless, and elegant styling

Bead defines a classic approach to dining, one which embodies best practice for back of the house ease-of-use while delivering beautifully presented dishes to delighted diners. This range consists of two elements: Bead and Bead Accents, which can be mixed for a personalised collection. A classic linear design is carried across the main collection of Bead items, while the Bead Accents component offers an alternative decorative style to key presentation items alongside the classic iteration. The Bead Accents decoration provides a contemporary element that adds texture and visual excitement.

The addition of a hand-applied wash of colour to the Bead range provides a subtle but refreshing accent. This softens the look and adds a casual approach to the way Bead presents food. Classic, timeless, and perfectly proportioned, the Bead range takes on a Scandinavian feel in either the truffle or sage colourways and works brilliantly in either a traditional or contemporary setting.

heightened senses, amplified presentation

Urban appeals to a sharper, city aesthetic where food is still tied to the traditional values of honesty, integrity and authenticity, but requires a slightly more formal, more defined and refined presentation style. Emulating a concrete look, Smoke is a new collection of tableware that takes its inspiration from the aesthetics associated with the act of cooking. The subtle and nuanced tones of grey contrast with the darker reactive elements to mirror the effects of browning and searing, creating a connection between the food and the plate.

a collection that evokes a sense of heritage

The Steelite Performance Ink line has expanded with the exciting additions of Nomad Blue, Nomad Sand, Legacy Blue, Legacy Teal and Legacy Ginger. Nomad is a collection of handcraft-inspired decorations which add texture, colour and a sense of history to the tabletop. While Legacy pays tribute to the faded opulence of antique decoration. Like finding a treasure-trove of heirloom pieces, Legacy inspires and delights with its playful, casual mix of relaxed style and comfortable living.

beautifully fractured linear patterns

Crackle patterns have a long and distinguished history going back millennia. Crackling occurs when the glaze does not fit the clay body of the ware correctly, causing it to fracture into beautiful linear patterns, covering the entire surface of the glazed piece. Available in two colourways, Black and Grey, Crackle will add texture and nuance to casual and contemporary food presentations and is aesthetically compatible with both plain white and many of our craft inspired ranges.

The Apple colourway is a bright, energetic and fresh hue which adds a distinctly contemporary tone to the Craft range. The growth of interest in vegan, plant-based and health-conscious menus provides an opportunity to showcase these menus differently. The Apple colourway promotes a feeling of wholesome well-being, amplifying the perceived beneficial effects of healthy eating. The overall impression is one of warmth and familiarity with the zing of spring. Craft Apple co-ordinates beautifully with many of the existing Craft colours, particularly Craft Raspberry, which offers a natural and exciting counterpoint.

When Craft was introduced into the Hospitality markets around the world ten years ago, the Craft range was the first to define what the look and feel of the ultimate Artisan inspired range should be.

clean crisp colour

The Terramesa range is full of colour and rustic style, and as the name suggests, it has been designed to be both natural and earthy. Whether it's Mexican food with its hot and vibrant colours, Spanish tapas or Asian food, Terramesa offers an exceptional range of shapes and sizes to complement the colours and ingredients present in these types of cuisine. With the growing trend for artisan inspired hand crafted ranges Terramesa gives your tabletop that wow factor. Decorated in four complementary shades and hand-finished with a textured reactive glaze on the edge, Terramesa looks stunning when colours are mixed or used independently.

Extra style with oval dishes and teaware shapes. The Connoisseur Teapot has been specifically designed to be utilised with the finest quality teas and avoids over brewing when combined with the Teapot Infuser. The exacting capacity means that once the first cup is poured, the remaining water level drops below the level of the tea leaves in the infuser and hence avoids over brewing.

handmade & organic appeal

Forager by Robert Gordon is designed with a carefully applied reactive glaze that free-flows over each shape to create a unique finish that is different on every piece. Featuring an unglazed bottom, this collection highlights the richness of raw materials through exposed stoneware and offers a handmade & organic appeal. From the creator himself, Robert "Andy" Gordon, he compares the signature tray design to "tree bark once used to gather things such as forage seeds, berries, and roots from the forest", hence its namesake, Forager. Unlike any other, these enduring & functional shapes are finished with a stamp of Andy's handwritten signature and will enhance any foodservice presentation.

“in praise of shadows” ~Jun’ichiro Tanizaki

Atelier: the name evokes the hand of craftsmen and the tradition of artisanal fabrication. The realisation of this fluid optical design was through the collaboration with artisans, who hand carved the models for each piece. The calculation of the embossment and the glazing produces an effect of ebbing water in the tide pools. Designed with fine dining in mind, the lightness in weight and porcelain colour speak of quality and craftsmanship.

“Atelier is inspired by nature, light and shadows. I was reminded of the days by the sea, watching the changes in the sand & pools of water brought by the ebb & flow of the tides. The element of water in motion.” - Rene Ozorio

A unique machine that not only sanitises in seconds, but keeps drinks cooler for longer without watering down the beverage or altering the flavour and aroma. Ever wondered why cocktails served in the trendiest bars taste so much better? The answer may not lie in the contents of the glass, but within the glass itself. A glass that has been cleaned and sanitised properly enhances the overall taste experience. The invisible residue that remains after washing may taint the taste and odour of drinks, compromising the quality of beverage served.

With THRILL, it takes just a few seconds to thoroughly sanitise and chill a glass, leaving it completely free of any unpleasant odours or aftertaste, giving customers the perfect serve and taste experience.

Stylish and theatrical, THRILL is a must have for upmarket bars and restaurants.

ROBERT WELCH

Founded in 1955 by Robert Welch, Robert Welch Designs is a family run business based at Chipping Campden in the Cotswolds. Originally Robert Welch set up as a designer for industry from his workshop in Chipping Campden and from his base opened a shop to sell his own designs. Over the last fifteen years his family - Rupert Welch and Alice Welch (Directors) have expanded the business to supply hospitality customers with a multi award-winning collection of internationally renowned cutlery and tabletop items.

Robert Welch

Baguette is a classic shape that is versatile to both casual and fine dining. Comfort in the hand is a Robert Welch signature and the pebble smooth finish is soft to the grip. The thickness of the handle tapers towards the tip, keeping the weight centrally balanced.

Inspired by the traditional silversmith technique of planishing, the Honeybourne collection makes a tactile and light reflecting statement on the table. Featuring classic proportions of long tines and a traditional heel, the deliberately thin neck exaggerates the wide curves of the subtly textured handle. The feel in the hand is well-considered as the texture fades to smooth at the neck of each piece.

Sandstone cutlery by Robert Welch, features a unique 'stippled effect' which adds texture and tactility to the handles. Our Designers have added a subtle feature, by incorporating a gradual fading of the texture into the neck of each piece. Sandstone is a slender pattern and has a comfortable, 'soft feel' in the hand.

The beautiful surface reflects the light with a gentle glow, creating a statement on the table alongside both formal and casual tableware.

reducing the spread of germs

Pouring a cup of coffee or juice just got easier with D.W. Haber's Touchless Taps. Simply press a cup against the dispenser to activate the flow and pull away once filled. The Touchless Plus is hands and drip-free, and its wide body targets the side of the glass and not the rim, which ultimately reduces the spread of germs. Made of 18/10 stainless steel, the spouts are resistant to rust and fit any D.W. Haber urn or juicer on self-serve stations and buffets.

chafing dishes at a phenomenal price point

We are pleased to bring hydraulic closing chafing dishes to the Creations collection. Each chafer has a convenient large glass view in the cover in order to increase visibility of the food while minimising the times the lid is opened, therefore keeping the heat in and the food at proper serving temperature. Additionally, the easy-to-remove hydraulic lid closes on its own to ensure that food is kept safe and covered during service. Great for any buffet display, these chafers are induction capable and perfectly priced for even the most value-conscious operators.
